Fall 1999 — New Orleans, LA

Spring 2000 — Las Vegas, NV

Fall 2000 — Washington, DC

Spring 2001 — San Francisco, CA

Fall 2001 — Chicago, IL

CALL FOR NOMINATIONS:
DEXTER AWARD
IN THE HISTORY OF CHEMISTRY

The Division of the History of Chemistry of the American Chemical Society (ACS) solicits nominations for the 1999 Dexter Award for Outstanding Achievement in the History of Chemistry. The award, which is sponsored by the Dexter Chemical Corporation and administered by the Division of the History of Chemistry, consists of an engraved plaque and a check for \$2000 and is presented annually at the Fall National Meeting of the ACS. The award is international in scope and nominations are welcome from all quarters. Previous winners have included historians and chemists from Canada, Germany, France, Hungary, The Netherlands, and the United Kingdom. Nominations should include a complete curriculum vita for the nominee, consisting of biographical data, educational background, awards, honors, publications, presentations, and other services to the profession; a nominating letter summarizing the nominee's achievements in the field of the history of chemistry and citing unique contributions that merit a major award; and at least two seconding letters. Copies of no more than three publications maybe included, if available. All nominations should be sent in triplicate to Professor Frederic L. Holmes, Chair of the Dexter Award Committee, Section of History of Medicine, Yale University School of Medicine, 333 Cedar Street, New Haven, CT 06520, by January 1, 1998.
